**Drinkwell® Makes a BIG Splash with its Latest Product –  
Now Available in PETCO and PETsMART!**

*- Drinkwell® The Original Pet Fountain Announces New Addition to Pet Fountain  
Lineup... Drinkwell® Now Available in Two Sizes; Original and Large Dog -*

**(Reno, NV)-** Officials at Drinkwell® The Original Pet Fountain announced today that **Drinkwell® Big-Dog—the largest pet fountain available to pet owners—is** now available at select PETCO and PETsMART locations across the nation!

The Drinkwell® Big-Dog uses the same innovative watering system, featuring the patented free-falling stream of water, that consumers have come to rely on for cats and small dogs for the past decade, but will be large enough to keep larger dogs properly hydrated. The Drinkwell® Big-Dog is the most convenient way to provide man’s best friend with fresh filtered water for days at a time.

The Drinkwell® Big-Dog offers a fill level indicator, flow control lever and 5-inch wall to help keep water in the bowl. It is an easy way to satisfy pets’ preference for running water and need for proper hydration, while also serving as a convenience product for owners. The easily maintained product holds well over two gallons with its attached reservoir making refilling simple and also making it the largest capacity pet fountain on the market.

The Drinkwell® was designed and patented by licensed Veterinarian Dr. Mary Burns to encourage pets to drink more water, ultimately promoting healthier kidney and urinary tract functioning. The design features a free-falling stream that is most like the running water pets crave, and comes complete with a charcoal filter to remove bad tastes and odors leaving your pet with fresh filtered water.

“Making sure your dog gets enough water is one of the most important things you can do as a pet owner,” said Burns. “The Drinkwell offers a convenient solution to keeping your pet well hydrated. We are really proud of our new model, and developed it to meet the demand of our customers who have been enjoying the benefits of our original fountain for years. Now Drinkwell can benefit small and large pets alike.”

The Drinkwell® Big Dog is available at Doctors Foster & Smith ([www.drsfostersmith.com](http://www.drsfostersmith.com)), and various PETsMART and PETCO locations across the nation. For more information, or sales locations, visit [www.petfountain.com](http://www.petfountain.com). Suggested retail price is \$74.99.
