## **Veterinary Ventures, Inc. Unveils New Drinkwell® Hydro-Go!™ The Pet Canteen with a Fold Out Funnel Bowl**

*-The makers of the Drinkwell® Pet Fountains announce the Hydro-Go!™, perfect for pet owners on-the-go -*

**(Reno, NV)** – Making sure your dog stays hydrated when you’re on-the-go just got much easier with Veterinary Ventures Inc.’s (VVI) launch of the Drinkwell® Hydro-Go!™ Pet Canteen.

The Hydro-Go!™, the newest in a line of products from the maker of Drinkwell® The Original Pet Fountain®, features a convenient fold out bowl which allows for easy drinking when you’re away from home. And, its unique design allows for quick clean up. The bowl and canteen work together to form a funnel, easily allowing the unused water to be poured back into the canteen. This is truly a must-have product for road trips or outdoor adventures with Fido! The bowl also easily detaches, allowing the canteen to be used as a second bowl, giving you a food and water bowl. The Hydro-Go!™ has a wide, adjustable shoulder strap for comfort. It holds 36 ounces of water and is dishwasher safe. Traveling with your pet has never been easier!

“The Hydro-Go!™ is the perfect product to enhance your experience as a pet owner, especially if you enjoy outings with your pet. This product is convenient for those who enjoy hiking, walking, camping, car trips, visits to the park, in the RV or any other place you and your dog may go. Most importantly it ensures that you don’t get caught without water when you and your pet are away from home,” said Sean Rowe, president of Veterinary Ventures.

Suggested retail is \$19.99. For more information, or for sales locations, visit [www.petfountain.com](http://www.petfountain.com)
