## **Veterinary Ventures, Inc. Drinkwell® 360 Pet Fountain Named “Becker’s Best” at Global Pet Expo**

*- Good Morning America’s Dr. Marty Becker selected the top five most innovative products from among thousands at Global Pet Expo 2009-*

**(Reno, NV)** – Veterinary Ventures, Inc. (VVI) has announced its newest pet product The Drinkwell® 360 Pet Fountain has been selected as one of the top five “Becker’s Best” pet products at the world’s largest pet trade show, Global Pet Expo.

America’s favorite veterinarian, Dr. Marty Becker, evaluated product based on creativity, functionality and quality. Thousands of products were considered and after much consideration, The Drinkwell® 360 Pet Fountain was selected as one of the five best pet products of the year for its health benefits and unique, customized design.

“We are honored to earn positive recognition for the Drinkwell 360,” said Veterinary Ventures, Inc. President Sean Rowe. “We are committed to continuing to develop products that are convenient for pet owners and contribute to the well being and health of our pets.”

The Drinkwell® 360 Pet Fountain features up to five, patented free-falling water streams all at once and was designed with the multiple pet household in mind. Owners will have the ability to customize their fountain with the five interchangeable spout rings included with each fountain. Pets no longer have to wait their turn for a quick lap of water; they now can each have their own fresh flowing stream of water from any angle.

Utilizing the same filtration technology as the other Drinkwell® Fountains, the Drinkwell® 360 continually circulates the water which helps inhibit bacteria growth and removes odors, keeping water tasting fresh and appealing to pets.

Veterinary Ventures, Inc. showcased its entire Drinkwell® Pet Fountain line and also the Drinkwell® Hydro-Go, Cat Fancy Editors Choice '08 Winner – the Litter Buddy™ Tool Set and other fine accessories at Global Pet Expo 2009.
